

Heavy & Medium Duty

Outfits

16206 HEAVY DUTY

COMBINATION TORCH/TIP KITS

OXYGEN-ACETYLENE

HEAVY DUTY KIT SC TORCH CUTS TO 8" (203mm)

MEDIUM DUTY KIT MC TORCH CUTS TO 6" (153mm)

These premium, versatile kits come with tips to do most any job. They include our classic SC & MC Cutting Assemblies which are backed by our "Lifetime" Warranty. Also included are a heating tip, welding tip and 3-cutting tips. The Heavy Duty kit is capable of cutting from 3/8" to 2" and Medium Duty capable of cutting from 1/4" to 1" with tips included. Our thick-wall welding and heating tips hold up well to excess heat and are capable of providing years of service. The Graf-Tite® Cutting Tip seats hold up far longer than traditional metal to metal seats requiring less replacement. Torches may be used with alternate fuel gases and tips designated for alternate fuel.

16205 MEDIUM DUTY

Stock No.	Fuel Gas	Torch Handle	Cutting Attachment	Cutting Tips	Welding Tip	Heating Tip
16205	Acetylene	WH100	MC509	MC12-0	MW203	MT603 (40,000 BTUs)
				MC12-1		
				MC12-2
